

## 2018 Current Fiscal Year Report: Fogarty International Center Advisory Board

Report Run Date: 06/05/2019 10:02:29 AM

### 1. Department or Agency

Department of Health and Human Services

### 2. Fiscal Year

2018

### 3. Committee or Subcommittee

Fogarty International Center Advisory Board

### 3b. GSA Committee No.

872

### 4. Is this New During Fiscal Year?

No

### 5. Current Charter

08/31/2018

### 6. Expected Renewal Date

08/31/2020

### 7. Expected Term Date

### 8a. Was Terminated During Fiscal Year?

No

### 8b. Specific Termination Authority

### 8c. Actual Term Date

### 9. Agency Recommendation for Next Fiscal Year

Continue

### 10a. Legislation Req to Terminate?

Not Applicable

### 10b. Legislation Pending?

Not Applicable

### 11. Establishment Authority

Authorized by Law

### 12. Specific Establishment Authority

42 U.S.C. 217a

### 13. Effective Date

11/17/1962

### 14. Committee Type

Continuing

### 14c. Presidential?

No

### 15. Description of Committee

Other Committee

### 16a. Total Number of Reports

No Reports for this Fiscal Year

### 17a. Open Meetings and Dates 0 17b. Closed Meetings and Dates 0 17c. Partially Closed Meetings and Dates 3 17d. Total Meetings and Dates 3

Purpose	Start	End
Program Advisory/Second Level of Peer Review	02/12/2018	- 02/13/2018
Program Advisory/Second Level of Peer Review	04/30/2018	- 05/01/2018
Program Advisory/Second Level of Peer Review	09/06/2018	- 09/07/2018

### Number of Committee Meetings Listed: 3

	Current FY	Next FY
18a(1). Personnel Pmts to Non-Federal Members	\$5,400.00	\$5,400.00
18a(2). Personnel Pmts to Federal Members	\$0.00	\$0.00
18a(3). Personnel Pmts to Federal Staff	\$66,041.00	\$67,296.00
18a(4). Personnel Pmts to Non-Member Consultants	\$0.00	\$0.00
18b(1). Travel and Per Diem to Non-Federal Members	\$18,776.00	\$19,005.00
18b(2). Travel and Per Diem to Federal Members	\$0.00	\$0.00
18b(3). Travel and Per Diem to Federal Staff	\$0.00	\$0.00
18b(4). Travel and Per Diem to Non-member Consultants	\$0.00	\$0.00
18c. Other(rents,user charges, graphics, printing, mail, etc.)	\$6,350.00	\$6,477.00

<b>18d. Total</b>	\$96,567.00	\$98,178.00
<b>19. Federal Staff Support Years (FTE)</b>	0.60	0.60

**20a. How does the Committee accomplish its purpose?**

Section 492 of the PHS Act states that the The Secretary...shall by regulation require appropriate technical and scientific peer review of -- (A) applications...; and (B) ...biomedical and behavioral research and development contracts... This Board is composed of both scientific and public members who provide the second level of peer review; advise on policy development, program implementation and evaluation; and identify research needs and opportunities of the Center. The FIC Advisory Board, through planning discussions at the Board meetings and through the organization and co-management of working groups was instrumental in the development of several program initiatives, helping to identify institutional needs and promising areas of scientific pursuit. These include Fogarty's HIV Research Training Programs for Low- and Middle-Income Country Institutions; Global Infectious Disease Research Training Programs; International Bioethics Research Training Program and Education and Curriculum Development Award; Global Brain and Nervous System Disorders Research across the Lifespan Programs; Reducing Stigma to Improve HIV/AIDS Prevention, Treatment and Care in Low- and Middle-Income Countries Program; Mobile Health: Technology and Outcomes in Low and Middle-Income Countries Program; NIH-NSF Ecology and Evolution of Infectious Diseases Initiative; Global Non-Communicable Diseases and Injury Across the Lifespan Programs; African Association for Health Professions Education and Research Initiative; Health-Professional Education Partnership Initiative; Emerging Global Leader Award; and International Research Scientist Development Award. During this reporting period the FICAB reviewed 154 applications for programs, requesting \$456,637,457.

**20b. How does the Committee balance its membership?**

The Fogarty International Center Advisory Board is composed of 13 appointed members with research interests and responsibilities paralleling those of the Fogarty International Center. 10 members are scientists who are outstanding medical or scientific authorities knowledgeable in the fields of tropical disease, public health, molecular parasitology, preventive medicine, international health policy, nutrition, and epidemiology. Three members are from the general public and include leaders in fields of health-related enterprises such as pharmaceutical or life insurance companies, voluntary organizations committed to better public health, international health, and international health law. Close attention is given to equitable geographic distribution and to ethnic and gender representation so long as the effectiveness of the Board is not impaired. Appointments shall be made without discrimination on the basis of age, ethnicity, gender, sexual

orientation, disability, cultural, religious, or socioeconomic status.

**20c. How frequent and relevant are the Committee Meetings?**

Meetings are held approximately three times each fiscal year. The Fogarty International Center Advisory Board provides advice on a continuing basis on the type of scientific research programs that should be supported and on how to carry out the designated mission and responsibilities of the Center. It also provides ongoing review of the relevance and effectiveness of the existing programs.

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

The Fogarty International Center Advisory Board is composed of both scientific and public members who provide the second level of review for research grant applications; advise on policy development, program implementation and evaluation; and identify research needs and opportunities of the Center. The quality, scope, and balance of advice from this Board cannot be obtained from NIH staff or from other established sources because the membership of the council is constituted to meet the specific requirements of the mandated mission of the Board and of the Center.

**20e. Why is it necessary to close and/or partially closed committee meetings?**

The meetings of the Fogarty International Center Advisory Board were closed to the public for review of grant applications. Sections 552b(c)(4) and 552b(c)(6) of the Government in the Sunshine Act permit the closing of meetings where discussion could reveal confidential trade secrets or commercial property such as patentable material and personal information, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

**21. Remarks**

Committee Function: Other - National Scientific and Advisory. Reports: This committee did not produce any reports during this reporting period. Committee Members: Administrative extensions: Members El-Sadr, Holmes, Kolars, Morrison and Richards-Kortum were administratively extended while new members and nominees were delayed in completing the appointment process. Dr. Glass was reappointed to serve as Chair.

**Designated Federal Officer**

## Number of Committee Members Listed: 16

### Narrative Description

Section 492 of the PHS Act states that the The Secretary...shall by regulation require appropriate technical and scientific peer review of -- (A) applications...; and (B) ...biomedical and behavioral research and development contracts... This Board is composed of both scientific and public members who provide the second level of peer review; advise on policy development, program implementation and evaluation; and identify research needs and opportunities of the Center. The FIC Advisory Board, through planning discussions at the Board meeting and through the organization and co-management of working groups was instrumental in the development of several program initiatives, helping to identify institutional needs and promising areas of scientific pursuit. These include Fogarty's Framework Programs for Global Health, a network of 30 U.S. universities to build the multidisciplinary teams, curricula and infrastructure needed to conduct global health research in multiple schools on these campuses; the Fogarty International Clinical Research Scholars and Fellows Program, which trains U.S. medical/grad students/post-docs in biomedical/health fields to become investigators in Global Health research and Fogarty's Informatics Training Program to develop modern information technology to support health sciences research.

### What are the most significant program outcomes associated with this committee?

Checked if Applies

Improvements to health or safety	<input checked="" type="checkbox"/>
Trust in government	<input type="checkbox"/>
Major policy changes	<input checked="" type="checkbox"/>
Advance in scientific research	<input checked="" type="checkbox"/>
Effective grant making	<input checked="" type="checkbox"/>
Improved service delivery	<input type="checkbox"/>
Increased customer satisfaction	<input type="checkbox"/>
Implementation of laws or regulatory requirements	<input type="checkbox"/>
Other	<input type="checkbox"/>

### Outcome Comments

N/A

### What are the cost savings associated with this committee?

Checked if Applies

None	<input checked="" type="checkbox"/>

Over \$10,000,000

☐

Cost Savings Other

☐

### **Cost Savings Comments**

NIH supported basic and clinical research accomplishments which often take many years to unfold into new diagnostic tests and new ways to treat and prevent diseases.

**What is the approximate Number of recommendations produced by this committee for the life of the committee?**

4,515

### **Number of Recommendations Comments**

The Board provided invaluable perspectives and advice on the development of new programs with a focus on building research capacity in developing countries as well as grants review results.

**What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?**

0%

### **% of Recommendations Fully Implemented Comments**

Information on the research funded by NIH is available through the RePORT (Research Portfolio Online Reporting Tool) website. RePORT provides access to reports, data, and analyses of NIH research activities that advance the mission of the NIH, including information on NIH expenditures, strategic plans, reports on NIH funding, and reports on the organization and people involved in NIH research and research training. The RePORT website is located at <http://report.nih.gov>. Due to the complexity of the recommendations made by this committee on policy and program areas, staff is unable to determine which recommendations have been fully or partially implemented solely in response to this committee's activities.

**What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?**

0%

### **% of Recommendations Partially Implemented Comments**

Information on the research funded by NIH is available through the RePORT (Research Portfolio Online Reporting Tool) website. RePORT provides access to reports, data, and analyses of NIH research activities that advance the mission of the NIH, including information on NIH expenditures, strategic plans, reports on NIH funding, and reports on the organization and people involved in NIH research and research training. The RePORT website is located at <http://report.nih.gov>. Due to the complexity of the recommendations made by this committee on policy and program areas, staff is unable to determine which recommendations have been fully or partially implemented solely in response to this committee's activities.

### **Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?**

Yes ☒ No ☐ Not Applicable ☐

### **Agency Feedback Comments**

Minutes, written reports and oral presentations

### **What other actions has the agency taken as a result of the committee's advice or recommendation?**

	Checked if Applies
Reorganized Priorities	<input checked="" type="checkbox"/>
Reallocated resources	<input checked="" type="checkbox"/>
Issued new regulation	<input checked="" type="checkbox"/>
Proposed legislation	<input type="checkbox"/>
Approved grants or other payments	<input checked="" type="checkbox"/>
Other	<input type="checkbox"/>

### **Action Comments**

An action of "approved" or "recommended" for grants receiving review by this Board does not infer that the grant will be or has been funded. Research grant applications submitted to NIH must go through a two-step review process that includes the initial peer review for scientific and technical merit and a second step of review and approval by a National Advisory Council that includes program relevance. In addition, prior to an award or funding being made, NIH staff must conduct an administrative review for a number of other considerations. These include alignment with NIH's funding principles, review of the project budget, assessment of the applicant's management systems, determination of

applicant eligibility, and compliance with public policy requirements. After all these steps have been completed, NIH officials make funding decisions on individual grant applications.

**Is the Committee engaged in the review of applications for grants?**

Yes

What is the estimated Number of grants reviewed for approval 154

What is the estimated Number of grants recommended for approval 154

What is the estimated Dollar Value of grants recommended for approval \$456,637,457
